Introducing The DEC

The **Disability Events Community (The DEC)** was created because we listened to the feedback from people living with a disability, their families and providers who want a more community focused approach to Disability Events.

We bring our expos directly to targeted communities all across Australia, reducing barriers for people living with a disability to get to the event on the day. Our events are smaller, more bespoke reducing loud noises, big crowds and allow our stall holders to have genuine, quality conversations with people who need assistance in their lives.

How are our events **different** from others?

01.

Meet with everyone in the community from people living with a disability, their families, ndis providers and more

02.

Walk around and choose what stalls you want to talk to, no 5 minute timers, no speed dating.

03.

We build values based connections so participants can work with quality providers to achieve their goals

04.

Our events are affordable for small - medium businesses providing better ROI

05.

DEC members pay \$399 for a table, not \$549 saving over 30% at every expo
